Mr. and Mrs. McCallum and Miss Aimee left this week for Calgary and Banff where they will spend a months Calgary this week combining business vacation.

Mr. and Mrs. J. F. Richards are in and pleasure.

We omitted last week to state that a very large crowd of friends assembled at the home of Mr. and Mrs. O. H. Anderson on Thursday evening, June 18th, and took them totally by surprise, and, as a token of their esteem, presented them with a handsome travelling case accompanied by the best wishes. Mr. and Mrs. Anderson and daughter, Miss Hazel, leave in a few days for Germany where the latter will pursue her musical studies. We join in wishing them a bon voyage.

The angel of death entered the home of Mr. and Mrs. W. W. Glass on Sunday last and removed their eight-year son, Percy Chester, after a protracted illness with measles. Deceased was 4 years and 10 months. The funeral took place on Tuesday, the Rev. Mr. Hooke officiating, which was largely attended, taking place in the Wetaskiwin cemetery. We join in extending the deepest sympathy.

The high school exams are in progress at the Alexandra school this week. N. E. Carruthers of Lacombe is the presiding examiner.

T. C. Rubbra, who has been the agent for the Massey-Harris Co. here for the past couple of years, has been obliged to resign owing to the great demand for the new Bronze Brush Cutter, which he is now pushing. Mr. T. W. Ruttle, who is widely known throughout the province, has been appointed as his successor. Mr. Ruttle is one of the oldest machine men with the Massey-Harris Co., he having covered territory near Winnipeg for nine years prior to going to New Zealand where he spent eight years as general agent. He has been general agent for this district for about 18 months. The Company's interests will be well looked after here with Mr. Ruttle in charge.

O. Olson and J. H. Nickerson have their horses at Calgary competing in the races being conducted by the Dominion Fair Association.

Mr. and Mrs. J. Bradley went to Calgary on Saturday last. Mr. Bradley has charge of the Wetaskiwin Board of Trade tent there, in which are exhibited a few samples of grasses, grains, etc., also distributing literature recently issued by the Board of Trade.

PASTOR'S FAREWELL

Rev. C. S. Laidlaw, who has been pastor of the local Methodist congregation for the past two years preached his farewell sermon to a good-sized gathering in the Methodist church last Sunday evening. He chose as his text the passage "Jesus Christ, the same yesterday, today and forever," emphasizing the truth that in this changing world below, Christ stands out foremost the same divine, loving and ever pleading Savior, that He was when He Himself was upon the earth. Mr. Laidman prefaced his remarks by an illusion to his work in Tofield and surrounding district, referring to his trials, troubles and joys. Pastoral life and service for his successor in the field, Rev. H. J. Munton, the hearty sympathy, cordiality and help of his hearers. Mr. Laidlaw is transferred to Wetaskiwin. His successor, Rev. H. J. Munton, is being transferred from Kitscoty.

It is with regret amongst many of his friends that Rev. Mr. Laidman is being removed from Tofield. While as he himself stated on Sunday evening, he had his faults and made mistakes, yet withal it was with an eye and a mind intent on exercising an influence for good and that it was a good purpose for good that furnished the motive for his actions and statements. It is for us all to look upon the words and actions of others in a kind and charitable spirit even should such opinions or actions not wholly coincide with our own. We wish Rev. Mr. Laidman and his estimable wife success and prosperity in their new field of work.—Tofield Standard.

NEW FORESTER RATES WILL ADD $900,000 TO TREASURER ANNUAL

$900,000 TO TREASURY ANNUALLY

Toronto, June 27—The increase in rates decided on by the supreme court of the Foresters will net the society $900,000 extra per annum. This, divided amongst the 112,076 members affected, means an average increase of $8 a year.

Last year 113,075 members (who had joined before 1899) paid $1,415,772 into the mortuary fund.

At the increased rate they will pay in $2,300,000. The cost of the society in 1907 of these "old" members was $2,031,795—payments for deaths and other causes—leaving a deficit of $816,023.

Under the new system this would have been changed to a surplus of $275,000.

The insurance carried by these 112,000 members is $140,316,528. The average payment under the old rates was $1.01 per $1,000 per annum. The average under the new rates will be $1.66, an increase of 65 cents a thousand.

—The New Rates—

Average from $1.01 to $1.66 monthly for each $1,000.

Percentage 65.

Average per member $8 per year.

Increased receipts $900,00 a year.

Changing from deficit of $616,023 a year to surplus of $275,000.

Annual increase if Mr. Stevenson's plan had been adopted $1,250,000.

These rates will go into effect on October 1st of this year.

The new safe for the city hall has arrived and will be installed in a few days.

COUNCIL PROCEEDINGS.

The regular meeting of the city council was held on Tuesday evening, with all present.

Minutes of previous meeting read and adopted.

A resolution was read from the Temperance and Moral Reform League with regard to cases of alleged gambling and immoral exhibitions. It was moved by O'Brien—Montgomery—That the letter be acknowledged, stating that the council was not aware of such practices in the city but would enquire into the matter and prosecute anyone found guilty.—Carried.

Tenders were then opened as follows for the cutting of the new creek channel, as follows:

R. E. Patterson 9c per yard
David Ambler 18c per yard
G. H. Robinson 17c per yard
W. H. Eggleston 14½c per yard
J. H. Willows 27c per yard
Quantity in all 4,445 yards.

The tenders were then left in the hands of the public works committee to make a report at next meeting.

Kelley—Gross—That the secretary get his Wetaskiwin Band be notified that they will not be allowed to use the city hall for Sunday practice.—Carried.

Accounts to the amount of $100.85 were passed for payment.

It was moved by Montgomery—Chandler—That the finance committee get prices on a road grading machine also date of delivery and report at next meeting.—Carried.

Ald. Montgomery having previously given notice of motion introduced a bylaw relating to the raising of the sum of $12,000 for the purpose of improving, extending, additionally constructing, maintaining, managing and conducting the existing municipal electric light and power plant of the city, which was read the first time.

Meeting adjourned.

Was Troubled With His Back for Over Twenty-five Years

Got Him Every Kind of Medicine, But

DOAN'S KIDNEY PILLS

FINALLY CURED HIM

Mrs. H. A. Pipper, Fesserton, Ont., writes:—I can certainly recommend your Doan's Kidney Pills. My husband had been troubled with his back for over twenty-five years. I got him every kind of medicine I could think of, but they did him no good. A friend advised him to get some of Doan's Kidney Pills, so he got two boxes and they cured him completely. He feels like a new man, as he says, and will never be without a box of Doan's Kidney Pills in the house.

The price of Doan's Kidney Pills is 50 cents per box or 3 boxes for $1.25, at all dealers, or will be mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

RELIEVES & CURES

BRUSH CUTTING BY MACHINERY

The Edmonton Journal says:

If the invention known as the Roose Brush cutter, invented by Mr Roose, and patented by Messrs. MacNamara and Rubbra, all of Wetaskiwin, and which is being demonstrated today in the brush on First street, north of the C.N.R. tracks, proves to be quite as successful as it appears to be, it will be one of the greatest booms for the farmers of this country ever placed upon the market.

There is nothing intricate or complicated about the machine. A simple little contrivance which does the work for which it was intended, to a nicety. A big flat-looking box-like platform, tapering from the rear almost to a point in front, with wheels behind, and a big sharp sheet of steel, like a huge plow shear laid flat, fastened onto one side of the front.

This big knife lies close to the ground and is set at an angle. The machine is drawn by a team of horses and runs along the ground like a big harrow.

For light brush there is nothing like this new invention. It plows through the brush like a reaper through a field of grain, cutting a wide swath and leaving the ground in good preparation for breaking.

The machine is the invention of Mr. Roose of Wetaskiwin and is considerably improved upon the original invention which Mr. Roose completed some time ago. Mr. Roose intends perfecting his machine to a still further degree.

This morning Mr. Roose made a personal demonstration of the machine in the brush north of the tracks, on First street, and the demonstration was witnessed by a large number. Messrs. MacNamara and Rubbra, who have the selling of the machine, will be in the city during the fair week for the purpose of demonstrating and advertising the machine.

A bad temper is one of the worst things with which a man or a woman can be afflicted. It is a curse to the possessor and those who are obliged to live in the same house with the possessor of the complaining temper are martyrs. It is often said that we should not let the bad temper of others influence us, but it would be as unreasonable to spread a blister of Spanish flies on the skin and not expect it to draw, as to think of a family not suffering on account of the bad temper of one of its members. It is like the sting of a scorpion, or of several scorpions, a perpetual source of irritation, destroying your peace and rendering life a burden. To hear one everlasting complaint and growl proceeding from what is aptly called a disagreeable thought chased away by this evil spirit of disputatiousness, is more than flesh and blood can stand. This would be a better world if the people who lose their tempers would never find them again.

Temperance Column
Edited by W. C. T. U.

WHY GOVERNOR HANLEY HATES THE LIQUOR TRAFFIC.

From a Recent Address by the Chief Executive of the State of Indiana.

Speaking recently Governor J. Frank Hanly, of Indiana, says:

Personally, I have seen so much of the evils of the liquor traffic in the last four years, so much of its economic waste, so much of its physical ruin, so much of its mental blight, so much of its tears and heartache, that I have come to regard the business as one that must be held and controlled by strong and effective laws.

I bear no malice toward those engaged in the business, but I hate the traffic.

I hate its every phase.

I hate it for its intolerance.

I hate it for its arrogance.

I hate it for its hypocrisy.

I hate it for its cant and craft and false pretense.

I hate it for its commercialism.

I hate it for its sordid love of gain at any price.

I hate it for its domination in politics.

I hate it for its corrupting influence in civic affairs.

I hate it for its incessant effort to debauch the suffrage of the country; for the cowards it makes of public men.

I hate it for its utter disregard of law.

I hate it for its ruthless trampling of the solemn compacts of state constitutions.

I hate it for the load it straps to labor's back, for the palsied hands it gives to toil, for its wounds to genius, for the tragedies of its might-have-beens.

I hate it for its human wrecks it has caused.

I hate it for its almshouses it peoples, for the prisons it fills, for the insanity it begets, for its countless graves in potters' fields.

I hate it for its mental ruin it imposes upon its victims, for its spiritual blight, for its moral degradation.

I hate it for the crimes it has committed.

I hate it for the homes it has destroyed.

I hate it for the hearts it has broken.

I hate it for the malace it has planted in the hearts of men—for its poison, for its bitterness—for the dead sea fruit with which it starves their souls.

I hate it for the grief it causes womanhood—the scalding tears the hopes deferred, the strangled aspirations, its burden of want and care.

I hate it for its heartless cruelty to the aged, the infirm and the helpless, for the shadow it throws upon the lives of children, for its monstrous injustice to blameless little ones.

I hate it as virtue hates vice, as truth hates error, as righteousness hates sin, as justice hates wrong, as liberty hates tyranny, as freedom hates oppression.

I hate it as Abraham Lincoln hated slavery.

And as he sometimes saw in prophetic vision the end of slavery and the coming of the time when the sun should shine and the rain should fall upon no slave in all the Republic, so I sometimes seem to see the end of this unholy traffic, the coming of the time when, if it does not wholly cease to be, it shall find no safe habitation anywhere beneath "Old Glory's" stainless stars.

The next meeting of the W. C. T. U. will be held at the Baptist Church on Friday afternoon, July 10th, at 3.30 o'clock. A cordial invitation is given to all who are interested in temperance work.

WHAT CITY GAINS BY REALTY AGENT.

It is doubtful whether there is any class in the community which has the best interests of the city more at heart than the real estate agent, or which does more to promote them. The buying and the selling in the city in instalments is his means of livelihood and as a natural consequence the more prosperous the city is and the more ably its affairs are administered the better for him. It is largely on his advice and under his direction that new districts are opened up. It is through him that values of property in dispute are determined, and as a medium between the man with a house to sell and the man who wants to buy his services are invaluable. It is a business, too, in which square dealing is essential as the buyer of today may be the seller of to-morrow, and the old proverb "Once bit, always shy," is as applicable to the real estate business as to any other. The elimination of the realty broker from the business life of the city would have a most disastrous and far-reaching effect.

It is an indisputable fact that during the past six months the City of Wetaskiwin has owed a good deal to its realty men. Amid all the cries of depression and hard times their cool and quiet optimism has done much to maintain the prices of property and has averted a slump in real estate which would have been most prejudicial to the interests of the city. Throughout the months of slack business at the close of last year and the beginning of this they have consistently maintained that there was no reason for alarm, and their confidence is beginning to be justified.

THE ROAD TO SUCCESS.

The world is wide. If you wish to be somebody "pitch in." The brave always have friends. Where others have gone you can go. If the old track don't suit you make a new one; somebody will walk in it. Don't hurry too fast, especially till you know the road or become acquainted with your team. Mind your own business and look after it yourself. Don't stop to club whiffits or to retail gossip. You may grow weary but remember this is not a world of ease, and rest lies beyond. Success is never attained in a country like this without effort. If you fail once, try again. If you fall down, get up. If it is dark, strike a light. If you are in the shade, more around; if there is shade on one side there is sure to be sunshine on the other. It takes longer to skin an elegant than a mouse, but the skin is worth something. Never be content with doing what others have done—excel him. A trade is a good thing to have; it is better than gold—brings a larger premium. But to make a premium the trade must be perfect—no silver plated affair. Determine in your mind to be a good workman, or let the job out. Learning a trade is different from eating mush and milk—mechanical education does not slip down without chewing. Never slight your work, never. Every job you do is a sign. Poor signs are against success. People always speak well of a boy who minds his own business and who seems to be disposed to be somebody in time. This is a queer world; many people are watching us, and help often comes when and from whom we least expect. Confidence is the safe in which men often deposit rich treasures, and as you prove worthy so will your reward of success be. There is a reward in success, which none but those who strive can enjoy. Deserve success and it will come.

Eighty five Italian laborers armed with revolvers and dirks defied the C. P. R. officials to eject them from laborers' boarding cars at Toronto.

TIMBER MEN WILL MEET THE GOVERNMENT.

Edmonton, Alta., June 26HA delegation of Edmonton lumbermen, composed of Ald. D. R. Fraser, W. H. Clarke and John Walker, leave tonight via the C. N. R. on a trip to Ottawa to interview the government with reference to protection of logs from floods on the Saskatchewan. The lumbermen are about at the end of their private resources and have been heavily drained by the losses of last year and this, totally $75,000 and $100,000 respectively. The most probable method of assistance asked will be the construction of levees and channels for the storage of water on the big island, some miles up the river from Edmonton.

A new series of postage stamps commemorative of the Quebec tencentenary, will be issued at Ottawa, on July 3rd, which marks the exact anniversary of the founding of Quebec by Champlain.

SIX COACHES DERAILED AND NO ONE KILLED

Tottenham, Ont., June 28—The west bound Winnipeg train leaving last night left the rails a mile and a half north of here. The train broke behind the baggage car, one car going down the east and five down the west side of the twenty-foot dump, the tail of the train holding the rail.

The cars, which included tourists and sleepers, were turned upside down and it was difficult to extricate the passangers, some two hundred having retired for the night.

It was then found that none were killed, although two cases are precarious, both being ladies from Parry Sound.

CURES

Dysentery, Diarrhoea, Cramps, Colic, Pains in the Stomach, Cholera, Cholera Morbus, Cholera Infantum, Sea Sickness, Summer Complaint, and all Fluxes of the Bowels.

It has been on the market for 63 years. Its effects are marvelous. It acts like a charm. Relief is almost instantaneous. Ask your druggist for it. Take no other. Substitutes are Dangerous.

The genuine is manufactured by THE T. MILBURN, Co., LIMITED, Toronto, Ont. Price 35 cents.

COUPLE OF DOSES CURED,

Mrs. W. J. Wilson, Tessler, Sask., tells of her experience in the following words:—"I wish to tell you of the good I have found in Dr. Fowler's Extract of Wild Strawberry. Last summer my little girl, aged two years, was taken ill with Summer Complaint, and as my mother always kept Dr. Fowler's in the house when I was a child, I seemed to follow her example as I always have it also. I at once gave it to my baby as directed and she was at once relieved, and after a couple of doses were taken was completely cured."

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Potsdam—I found the best ingredient with which Dr. Shoop's Rheumatic Remedy was made a selected, dependable prescription. Without that last ingredient, I unsuccessfully treated many, many cases of Rheumatism; but now, at last, I uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer with, or ask help. We sell, and in confidence recommend

From 9.30 to 12 will be given over to bible study and mission study classes conducted vy Rev. C. H. Huestis and to mission study classes conducted by Revs. Farrell, Bateman, Richard and Webber. Afternoons will be given up to physical recreation and the evening meetings will be addressed by Rev. T. C. Buchanan, President of Conference, Rev. Dr. Riddell, Hon. W. H. Cushing, Dr. Scott, Calgary, and others. Dr. Sharpe, Lacombe, will give information as to transportation, accommodation, etc., at Gull Lake.

BASEBALL LEAGUE.

At Killam on Monday the 4th, after the celebration a meeting was express purpose of ascertaining the held in Mr. Nichol's store with the possibility of forming an amateur league among the towns on the Wetaskiwin and Hardisty line. The meeting was well attended by representatives from Dayland, Strome, Killam and Sedgewick, regrets were expressed that Bawlf, Lougheed and Hardisty were unrepresented.

On motion of Mr. Regan, (Strome) seconded by Mr. Nichols (Killam) Mr. E. W. Day was unanimously chosen as Hon. President of the new league, which, on motion of Mr. Clark (Sedgewick) seconded by Mr. Jacobs (Strome) was christened "The Alberta Central Baseball League."

A constitution along the lines of that adopted by "The Twilight League" was thoroughly discussed and agreed to, the representatives from the various clubs signing same before the close of the meeting.

The splendid games put up by the teams competing at Killam give promise of great things in the future as the formation of a league will no doubt give added impetus to the competing clubs.

Sedgewick is to be especially congratulated on the excellence of their organization which includes the finest outfit of "leather-lunged" rooters ever met with in this part of the country.

It is to be hoped that Bawlf, Hardisty and Lougheed will send in their applications for membership to the secretary-treasurer (M. W. Reegan, Strome) as soon as possible so that they may be included in the schedule of games which is now compiling.—Bawlf Sun.

Tickling or dry coughs will quickly loosen when using Dr. Shoop's Cough Cure. And it is so thoroughly harmless, that even Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and stems of a lung healing mountainous shrub give the curative powers to Dr. Shoop's Cough Cure. It calms the cough and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress Demand Dr. Shoop's. Take no other. For sale by The Red Cross Drug Store.

THE CARELESS MR. CASEY.

Another claimant to the authorship of "Casey at the Bat" has appeared in Boston.—(Press Despatch.)

There was ease in Casey's manner as he stepped up to the plate,
But 'ere the spheroid hurled, Mr. Umpire murmured: "Wait—
I want you, Mr. Casey," said this autocrat, "to name
The man who wrote the lyric that has gained you all this fame."

"Why, sure" said Mr. Casey, "'tis all as clear as dirt.
(Here he woped his dust-strewn digits upon that same old shirt)
"Of all the easy questions this is sure to make the bun;
I was writ by Hennery James, Sir—but the umpire called "strike one!"

"Kill de umpire" yelled the thousand as they yell it in the pone.
But Casey stilled the tumult and he tapped his bat on "home."
"I'll guess dis time certain—now dis much I know is true—
I was dashed off by Bill Howells'—but the umpire boomed strike two!

There was grim determination in the Casey pose this time,
And he vowed the blame he'd fasten for the literary crime;
So he hissed: "'Twas Rudyard Kipling" but once more that fateful shout
Told the waiting silent thousands that again "Casey" had struck out.

O somewhere bands are playing, some where hearts are glad,
But a high-browed controversy's putting Mudville to the bad;
And the pros and cons are fighting and in ink all are immersed,
'Cause the careless Mr. Casey doesn't know who saw him first.

CATTLE RAISING NOT WANING.

It is said that cattle raising is being developed on more extensive lines each year in Central and Western Canada. Although it is a fact that the large Western ranch areas are being curtailed by the rapid settlement of the provinces, more interest is being taken in cattle raising by the individual farmer. This is in line with the desirability of going in more for general mixed farming, instead of confining attention almost wholly to grain growing.

It has, perhaps, not been generally thought that Manitoba is such a suitable cattle raising place as it is! However, while Alberta and parts of Saskatchewan have been famous for their vast and numerous ranges, it is said that owing to the many advantages possessed by Manitoba it seems to be the most suitable point for finishing off Western cattle, as there is always a large amount of No. 2 grain that can be obtained for feeding purposes, and the climate and soil make it unsurpassed as a root-growing province. The suggested method of improving cattle is to bring ranch animals down to points handy to Winnipeg during the late fall and fatten during the winter months on grain and roots, and by this means improve the quality of the cattle, from a market point of view, 25 to 50 per cent. Individual stock have already proved that cattle treated in this manner can be made a profitable investment to the farmer.

Good progress is also being made here in raising hogs. It is said that the swine industry in Manitoba has increased fourfold during the past few years, the bacon variety being principally in favor with the farmers. This industry is one of the best paying propositions offered to the farmer in Western Canada, where surplus grain unsuitable for milling purposes can be used so advantageously in the feeding and fattening of swine, and, combined with the ready market for good hogs, makes them a valuable adjunct to the wheat farms of Manitoba, Alberta and Saskatchewan.—Farmers Advocate.

THE GRAIN CROP.

Reports this week from hundreds of points in the prairie province are more encouraging than ever. It is usually considered a good thing to have plenty of rain in the month of June, and we have had showers on several days of each week since the beginning of the month. Several low places have had even more than is necessary, but no damage has been done. The small number of complaints of injury this season is unprecedented in the history of the West! The wheat in many parts is beginning to head out, and an early maturity of the crops is confidently expected.

The crops in Alberta are making wonderful progress, and harvesting will undoubtedly be much earlier than in recent years.

There are about 6,000,000 acres under wheat in the three provinces this year. The average yield per acre in the last ten years, including some very poor seasons, has been nearly 19 bushels and even at that rate the output this coming fall would be about 114,000,000 bushels. Only a calamity, however, will prevent this year's yield from being considerably above the general average. The harvesting will be so early that the chances of frost damage are remote, and about the only other injury possible is from hail storms, and even if we have a few of them they usually touch only small parts here and there, and would have but little effect upon the total crop. We are not discounting the influence of Nature's forces, but simply giving a reasonable view of the probabilities as seen by past experience.—Commercial.

OPENING OF ALBERTA K. OF P. GRAND LODGE.

On July 2nd there will be organized in Calgary the first Grand Lodge of the Knights of Pythias for the provincial domain of Alberta. The promotion of this advanced step has been largely in the hands of Robt. Hockley of Edmonton, who as the head of the organization in the prairie provinces during the past Grand Lodge term put forth zealous and successful efforts to increase the membership of the K. of P. in Alberta to the 1,000 mark, and could at the end of his term point to the provincial standing of twenty-six lodges and a membership of 1200.—Journal.

CHURCH LEAGUE BASEBALL.

Baseball enthusiasm is keen in the city. The school urchin, the old man, the league player and the amateur are all practising hard. The reason for this is a church baseball league has been formed, in which six denominations are figuring. One of the advantages of this league is to bring the young men of the various churches into close relationship and on more intimate terms. A nominal admission fee of 10c is being charged which, after all expenses are defrayed, will be turned over to the hospital.

The following is the schedule of games:

June 24—Baptists vs. Catholics
June 26—Presbyterians vs. Method's
June 29—English vs. Lutherans
July 3—Baptists vs. Presbyterians
July 6—Catholics vs. Lutherans
July 8—Methodist vs. English
July 13—Baptist vs. Methodist
July 15—Catholics vs. English
July 20—Lutherans vs. Presbyteria's
July 22—Baptists vs. English
July 27—Catholics vs. Presbyterian's
July 29—Methodist vs. Lutherans
Aug. 3—Baptists vs. Lutherans
Aug. 5—Catholics vs. Methodist
Aug. 10—Presbyterians vs. English

The executive committee is composed of the following: Methodist, F. E. Kelley; Presbyterian, J. R. Staples Church of England, H. I. Millar; Baptist, W. H. Metcalfe; Lutheran, J. P. Johnson; Catholic, N. Gens Chairman of Committee and President of Amateur League, H. I. Millar. Secretary-treasurer, J. R. Staples.

WEDDING BELLS AT KILLAM.

On Saturday at 2 p. m. two of Killam's young people, Mr. Nels Frickson and Miss Ella Olson were united in the holy bonds of wedlock, the ceremony being performed by the Rev. Bergen of Wetaskiwin. The wedding took place at the home of the bride. The bride and bridesmaid Miss Fertha Johnson, also the flower girl Miss R. Olsen, were prettily attired in white. The bridegroom was assisted by his brother Erick with Jas. Hanson flower boy. After the service a bounteous luncheon was served to the fifty guests in attendance. The Times joins in wishing them many years of happy married life.

LINE EXTENDED TO THE C. & E. RAILROAD.

Some Changes Made in the Boundary of Dominion Land Bill.

Ottawa, June 29—In committee on lands today Mr. Oliver gave notice of an amendment extending the pre-emption area westward from the present limit to the line of Calgary and Edmonton railway.

Mr. McCarthy, Calgary, asked if this would add to the available land, and the minister replied that the lands were largely taken but he was including an extra area as part of the central prairie district.

Dr. McIntyre of Strathcona proposed an amendment to authorize the governor general in council to set apart lands solely for the benefit of higher education. Mr. Oliver explained that this was not a question for the present bill and that arrangements regarding education would have to be made with the provinces individually and in the meantime the present law allowed the government to set aside lands for any purpose.

Mr. Borden proposed a clause which was accepted by Mr. Oliver, that no employee of the interior department be interested in the purchase of public lands.

Mr. Jackson of Selkirk and Burrows of Dauphin gave notice of amendments to include parts of Manitoba in the region of the lakes as part of the pre-emption area.

Mr. Oliver offered another amendment to exclude trespassers from going on berths covered by license to cut cordwood.

ONCE MORE WELL

"FRUIT-A-TIVES" ALONE CURED HIM

Clarence J. Placey is a farmer of Ulverton, Que., known as a man of integrity and good judgment. He writes in no uncertain terms of the great benefit he derived from taking "Fruit-a-tives" for a long standing kidney trouble.

Ulverton, Que.

I suffered for many years with kidney trouble, with bad pain in the back and all symptoms of disease of the kidneys. I took every known kidney remedy and kidney pill but nothing gave me relief and I was getting discouraged. I was advised to try "Fruit-a-tives" and I did so—and this medicine cured me when every other remedy failed. I used altogether fifteen boxes of "Fruit-a-tives" and from the outset they give me relief and I am now practically well again, no pain in the back, no distress, and all the symptoms of severe kidney disease have entirely left me. I am very thankful to be once more well and I freely make this statement for the sake of others who may suffer as I suffered and to them I say "Try "Fruit-a-tives." 151

Thursday July 2, 1908

Mr. R. M. McCarter and son Leslie came in last week to look after their extensive investments in the district.

The first news of the Alberta harvest comes from Stettler where N. W. Harrington last week inaugurated harvest operations by cutting a hundred acre crop of fall rye.

The annual celebration of the Loyal Orange Lodge of Alberta will be held this year at Strathcona Agricultural Fair Grounds on the 17th of July.

Mrs. S. B. Talbot, who has been confined to the hospital in Edmonton for some time, returned home on Tuesday evening, being called on account of Mr. Talbot being poisoned, presumably from eating canned corn. We are pleased to state that both Mr. and Mrs. Talbot are now very much improved.

Joe Butler is among the Calgary visitors this week, he going down to take part in the pagent on Dominion Day. Joe is one of the few survivors remaining of the corp of N. W. M. P. who took a conspicuous part in the Indian rebellion of 1881, and could not miss this opportunity of meeting his old comrades and reminescing.

A CLEVER COWBOY SHOW

Miller Bros. 101 Ranch Show was just about as picturesque and interesting a Wild West exhibition as one could expect to see travel as a circus. There were genuine cowboys with all the skill of the trained men of the ranges, who gave exhibitions of cleverness and daring that mightily amused; there were the picturesque Indians in their war paint and war dances, and imitating the dances and the wild west feats of their ancestors of the prairies; there were thrilling broncho busting feats, and trick riding of the reckless cowboy brand; and there was exceedingly clever horseback riding by the Cossack horsemen, who were one of the features of the show. The Miller Bros. show is certainly a first class exhibition and merits the crowds that attend wherever they pitch their tents.

WETASKIWIN WINNINGS AT EDMONTON

The horse races of last week were by far the most interesting and keenly contested that have ever taken place in Edmonton. The field of horses was the biggest that have ever gathered together not alone in this district but perhaps in the whole of Alberta.

The purses hung up for the four day's races totalled $6,400. The biggest haul was made by Moose Jaw which took almost one quarter, $1,300 Calgary came next with $765, Regina third with $705 and Wetaskiwin eighth with $305.

The Wetaskiwin winnings were as follows:

2.30 pace, 2.25 trot—Phillip W., O. C. Olson, 2nd, $125.00.

Quarter mile pony race—Black Bess, C. D. Howell 1st, $90.00.

Free-for-all—Iowa Spinxtress, J. H. Nickerson 3rd, $75.00.

Five-eights mile dash, Alberta bred horses for Calgary Brewers' cup and $100—Black Bonnie, Tom Lake, $15.00.

CHURCH LEAGUE BASEBALL

Two games have been played in the church league since last issue, the first game taking place on Friday evening, between the Church of England and the Lutherans, the former winning by 15-7. The following were the players:

Church of England—Rev. W. V. McMillan, J. H. D. Benson, H. E. Todd, H. I. Millar, E. Bailey, J. Roper, T. C. Rubbra, —. Pfeling, W. Forbes.

Lutheran: Messrs. Carlson, E. Thorson, P. Hudson, Widen, Shea, Wiberg, O. Thorsen, W. Erickson, Anderson.

The other game was played on the morning of Dominion Day when the Presbyterians defeated the Methodists by the score of 16-12. The following was the line up:

Methodist—Messrs. Pollock, Chandler, Kelley, Douglas, Breen, McLaughlin, Mallett, Standefer, W. Gould.

Presbyterians: Messrs. McMurdo, Rodell, Staples, F. Spencer, McKillrick, McEwen, Keith, Hogg, T. Spencer.

WETASKIWIN TEAM WINS BALL GAME

Dominion Day will long be remembered as a red letter day in the baseball annals of Wetaskiwin. Camrose came in with their strongest force to play a double header, and the quality of ball put up was the best seen on the local diamond this season. The afternoon game was not a league game, but an exhibition only, and the visitors thought there was an easy win for them, but such was not the case, although it appeared at one time that Wetaskiwin would be the losers, as the score stood 5-2 for Camrose at the end of the fifth. The Wetaskiwin boys played the game all the time and at the end of the eighth succeeded in evening the score. In the ninth neither team tallied. As it was then six o'clock, the teams had to leave the field to prepare for the evening contest, hence the score remained a tie, namely, six runs each. Camrose got two runs in the fifth on a throw from centre to second base, which Barrett did not know was coming, hence the ball went out of the diamond and before it could be brought into play two men had crossed the plate. Silver pitched a star game, holding the opponents down to six scattered hits, while the Wetaskiwin boys landed on Nelson for 14 safe ones. In the third innings Price and Farrell collided, in an endeavor to capture the ball, and the former had his shoulder injured which retired him from the game. O'Keeffe, who was at the receiving end for the home team was in the game all the time.

The following were the players and positions:

Camrose—Lamb 1b, Dahl 1b, Farrell 3b, Price s s, McCusker cf, Gouchee 2b, McLean cf and ss, Duggan rf, Asker c, Tanny lf, Nelson p.

Wetaskiwin—Martin 1b, Barrett 2b L. Murray 3b, O'Keefe c, McLaughlin rf, Johnson ss, Gilbertson cf, S. Murray lf, Silver p.

The evening game was much the better, although the bright setting sun shining in the faces of the players, caused several costly errors. Owing to lack of space we are obliged to hold the detailed report over until next week. The score, however, was Camrose 6, Wetaskiwin 5.

WATER GLEN

The Water Glen Farmers' Picnic held at Mr. Fagen's place on June 24th was a success in every particular. The weather being ideal a big crowd gathered about noon from every direction, there being over two hundred people in attendance. The Ponoka Gun Club was out trying to win back the Calgary Brewery trophy which was taken by Water Glen Gun Club about a year ago but luck was against the Ponokaites, as usual, and they had to return home without the cup. The score for the cup was as follows:

—Ponoka—

Segerstrom	1101110011111011—11
Wrightson	1010001010000001— 5
Wood	0111110001100001— 8
Lee	0111101010110101—10
Allan	0110101010101100— 7
	41

—Water Glen—

Julius Tinis	1110011111111110—12
F. Tate	1001110101111001— 9
Fagen	1111010010111011—10
John Tinis	0111010000110111— 9
H. Johnson	0101011111010110— 9
	49

In the miss and out Wrightson took the highest score.

In the ten bird sweep F. Tate and Julius Tinis took first prize, Lee and Wrightson second, Segerstrom, Allan Fagen and Algot third prize.

A baseball game was played between Ponoka and Asker, the latter winning by one score. Both teams were even score at the end of the ninth inning, so another inning had to be played in which the Asker team won. The game was a very good one from beginning to end. Very few errors were made on either side.

Eel Body went down to Red Deer for a visit last week. He always goes south when he goes visiting. We wonder why?

Mr. Simpson, Miss Delia and Hila Simpson came up from Buffalo Lake to take in the sports here on midsummer day.

Water Glen was lucky last Thursday in not getting any hail to do any damage. A few miles south of here the hail did some damage and five miles west and north in River Bend district the hail did very much damage both to grain and windows.

Mr. A. Fagen went down to Red Deer last Tuesday for the shooting tournament. From there he will go to Calgary to take part in the trap shooting. We wish him good luck.

There is still a chance for the Wetaskiwin crack shots to organize a gun club and come out to Water Glen to shoot for the Calgary brewry trophy.

Mr. and Mrs. F. Tate and Miss Dixon went down to White Brush for the picnic the 1st of July.

Some of the young people from here took in the Lewisville picnic on Dominion Day.

LEWISVILLE.

Mr. Geo. Woods is in Calgary attending the Dominion Exhibition.

A number of our young people took in the picnic at Water Glen last Wednesday.

The hail storm that visited this district on Friday last did considerable damage to the early grain, garden stuff and window panes, especially the window panes. Hardware men please note!

Mrs. J. G. Gibbon is on a business and pleasure trip to the coast.

Full particulars of the church picnic next week.

Mr. Ross, our genial butter maker, is at present on the sick list. We wish him a speedy recovery.

Miss Mae Jones is spending this week with Wetaskiwin friends.

Miss Hazel Grant of Buffalo Lake is visiting with her sister and other Lewisville friends.

We are pleased to see the smiling face of our friend, Geo. Uylett, this week.

Mrs. Hill of Buffalo Lake visited at Mr. U. G. Stowell's last week.

The V Form pupils report themselves pretty well pleased with the examination the department dished up to them this year.

The Lewisville baseball team purpose holding their annual picnic on the 24th inst. They intend hgving a double-header in the baall line, refreshments, races and a good time generally. There will in all probability be a dance given the same evening. Particulars next week. Remember the date.

A SIMPLE FUNERAL.

Princeton, N. J., June 26th—Gover Cleveland's body lies buried tonight in the Cleveland plot in Princeton cemetery.

At six o'clock, as the sun was sinking in the west, a distinguished company silently watched as the body was lowered into the grave. Then the simple burial services of the Presbyterian church was read and before the last of the carriages in the cortege had driven up to the path leading to the burial place, the benediction had been pronounced and those who had gathered about the grave began to leave the cemetery.

It has been Mrs. Cleveland's wish to avoid anything of a military nature at the funeral, and it was only when the necessity of guarding President Roosevelt, who was in attendance, was borne upon her by those in charge of the funeral arrangements, that she consented to the presence of the troops in a police capacity.
